Ithaca, NY 14853

Dear Diana:

My name is Tim Edbrooke. I am the Chief Executive Officer for GENACTIS, Inc., a research-based consultancy dedicated to maximizing the potential of pharmaceutical and biotechnology products throughout the product lifecycle.

I am writing to let you know of an exciting career opportunity for those of your students looking to enter the workforce. Currently, we are seeking a graduate with a PhD in Statistics for an Analyst position in our Advanced Analytic Solutions department. The Analyst position is responsible for statistical analysis of data under close supervision of senior Advanced Analytics staff. Work typically ranges from descriptive to advanced multivariate analyses, some interpretation of results and population of PowerPoint reports.

This position would be in our US office located in Fort Washington, PA, a suburb of Philadelphia. Additionally, GENACTIS has offices in the UK, France, Germany, and Italy. GENACTIS offers competitive salary and benefits for our employees.

If you feel this position may be of interest to your students, I would be happy to send additional information including a full job description as well as more information on GENACTIS. You can reach me at 267-464-3008 or [tedbrooke@genactis.com](mailto:tedbrooke@genactis.com).

I appreciate your time and hope you will share the information about this opportunity with your students.

Regards,

Tim C. Edbrooke  
Chief Executive Officer
